JPS to Launch Quarterly Conference Call Series

JPS Financial Group is excited to announce a Quarterly Market Overview Conference Call Series. This quarterly series, which will be exclusive to our clients, will launch in September with the exact date to be announced soon. The series will be offered both in a live version and recorded for those who are not able to dial in on the designated date. These calls will feature updates on the economy/market, portfolio overviews, fund manager spotlight, financial planning spotlights and much more. Our goal is to provide you with a more in-depth view of your investments, as well as what the experts are saying about the current market environment. Details of the call will be sent out in August.

Shawn Perry Joins Hilliard Lyons Financial Consultant Council

Shawn Perry is participating in Hilliard Lyons' new FC Council. This senior advisory group (which met for the first time in April 2017) is tasked with looking at new initiatives for the firm through a client-facing lens. The JPS team is excited that Shawn gets to represent our clients and team in this important endeavor. Chris Russell, Hilliard Lyons' Director of Business

Development, said, "The FC Council includes 12 advisors from across our footprint. It comprises some of our best thinkers and business owners across the firm. We look forward to the insights Shawn will bring on behalf of JPS Financial Group's clients."

Shawn Perry visits West Africa for Mission Trip

Shawn Perry had the privilege of going on a mission trip to Niger, West Africa, in April (his fifth trip). Shawn traveled along with his great friend, Pastor Richard Carwile, and another member of Richard's church. While in Niger, the team focused on continuing the ministry that is being done by local missionaries with the Songhai people. Shawn says, "It's amazing the friendships that have been built and developed with Songhai people even though we speak different languages."

Charity Spotlight

The Center for Courageous Kids is a not for profit Medical Camping Facility founded by the late Ms. Betty Turner Campbell in October of 2004 and opened for the first family weekend in February of 2008. Ms. Betty lost a beloved son following a 17 year battle with cancer. It was then she was inspired to create a place where children living with life threatening illnesses and their families could come **free of charge** and have fun, find respite, feel normal and forget about their everyday struggles. Since inception, over 25,000 medically fragile campers and their families have visited The Center for Courageous Kids from 45 different states and ten foreign countries.

CCK's campus encompasses an on-site medical center with helipad, indoor aquatic complex, equestrian riding arena, bowling alley, gymnasium, climbing wall, boating and fishing, theater, four camper lodges, and SO much more! It is a fabulous opportunity for children who are battling an illness or handicap to come out of the shadows of their everyday lives and step into the spotlight with other children coping with the same challenges. All of the memories, smiles and laughs would not be possible if it wasn't for their generous donors. Every donation, large or small, goes to helping one more deserving child experience CCK!

In June, our team had the opportunity to volunteer at The Center for Courageous Kids during their Hematology/Juvenile Arthritis week. We spent several fun hours celebrating Carnival Night with the campers. We helped with face painting, telling "fortunes," making snow cones, and facilitating lots of other fun carnival games like Rock Monster and life-size Kerplunk. It's safe to say that we had as much fun as the kids and we look forward to going back again soon!

Bowling Green Hot Rods Baseball

We still have tickets for the Bowling Green Hot Rods! If you would like tickets for you and your family please give us a call today. Tickets are available on a first come, first served basis.
