* - Annual yield is calculated by dividing the distribution amount by the current market price of the security. For US income tax purposes, the Company may classify all or a portion of its distributions as dividends or other non-dividend distributions. Note that for some investors, for US income tax purposes all or a portion of the Company's 2016 dividend or distribution was treated as return of capital and not as "dividend income" as reflected on the IRS Form 1099-Div for the 2016 tax year. The Company generally makes a final determination regarding the proper tax treatment of distributions after calendar year end. We urge each shareholder to consult with his or her own tax advisor to determine the tax consequences of the distributions received, including any state, local or foreign tax considerations.

- **This entity is classified as a Partnership for US income tax purposes. Tax information is provided by the Partnership directly to the investor on Form 1065, Schedule K-1. Please discuss the tax implications of this investment with a qualified tax advisor.** Annual yield is calculated by dividing the distribution amount by the current price of the security. All or a portion of the Company's distributions are paid from the Partners Capital Account at the Company's discretion. Actual classification for income tax purposes is reported on IRS Form 1065, Schedule K-1 and is provided directly to the investor by the Company. For US income tax purposes, the Company will make a determination regarding all allocable tax information after calendar year end on Form 1065, Schedule K-1. Partnership interests held in tax-exempt accounts including retirement plans and Individual Retirement accounts may be subject to Unrelated Business Income Tax (UBIT). We urge each investor to consult with his or her own tax advisor to determine the tax consequences of ownership of partnership interests, including any state, local or foreign tax considerations.

Investment Ratings Buy: We believe the stock has significant total return potential in the coming 12 months. **Long-term Buy:** We believe the stock is an above average holding in its sector, and expect solid total returns to be realized over a longer time frame than our Buy rated issues, typically 2-3 years. **Neutral:** We believe the stock is an average holding in its sector, is currently fully valued, and may be used as a source of funds if better opportunities arise. **Underperform:** We believe the stock is vulnerable to a price set back in the next 12 months.

Suitability Ratings 1: A large cap, core holding with a solid history. **2:** A historically secure company which could be cyclical, has a shorter history than a "1" or is subject to event-driven setbacks. **3:** An above average risk/reward ratio could be due to small size, lack of product diversity, sporadic earnings or high leverage. **4:** Speculative, due to small size, inconsistent profitability, erratic revenue, volatility, low trading volume or a narrow customer or product base.
